LETTER FROM THE BOARD

Subscription Price

The Subscription Price is HK\$0.20 per Offer Share, payable in full upon application.

The Subscription Price represents:

- (a) a discount of approximately 52.38% to the closing price of HK\$0.420 per Share as quoted on the Stock Exchange on the Last Trading Day;
- (b) a discount of approximately 35.48% to the theoretical ex-entitlement price of approximately HK\$0.310 per Share based on the closing price of HK\$0.420 per Share as quoted on the Stock Exchange on the Last Trading Day;
- (c) a discount of approximately 51.57% to the average closing price of HK\$0.413 per Share for the last five consecutive trading days up to and including the Last Trading Day;
- (d) a discount of approximately 51.28% to the average closing price of HK\$0.411 per Share for the last ten consecutive trading days up to and including the Last Trading Day; and
- (e) a discount of approximately 61.76% to the net asset value per Share of approximately HK\$0.522 calculated (based on the latest audited consolidated net asset value of the Group of HK\$6,841,609,000 as at 31 December 2015 and 13,101,994,107 Shares in issue as at the Latest Practicable Date).

The Subscription Price and the issue ratio of the Open Offer were determined after arm's length negotiations between the Company and the Underwriter with reference to, among other things, the recent financial market performance in the last six months, the prevailing market price since January 2016 and the theoretical ex-entitlement price and trading liquidity of the Shares in the last six months and the financial and working capital requirements of the Group for at least twelve months from the date of the Circular. Further, the Subscription Price has been set at a discount to the recent closing prices of the Shares with an objective to encourage existing Shareholders to take up their entitlements so as to participate in the potential growth of the Company.

Having considered the above and taking into consideration the reasons as disclosed in the paragraph headed "Reasons for the Open Offer and Use of Proceeds" in this section and the reasons (including the possible maximum dilution to shareholdings of those Qualifying Shareholders who do not subscribe to the Open Offer) as disclosed in the paragraph headed "Shareholding Structure of the Company" in this section, the Directors consider the terms of the Open Offer (including the Subscription Price and the issue ratio of the Open Offer) to be fair and reasonable and in the best interests of the Company and its Shareholders as a whole.

The net price per Offer Share (after deducting the costs and expenses in relation to the Open Offer and the underwriting commission) will be approximately HK\$0.20.

LETTER FROM THE BOARD

Overseas Shareholders and Non-Qualifying Shareholders

The Prospectus Documents are not intended to be registered under the applicable securities legislation of any jurisdiction other than Hong Kong.

According to the register of members of the Company as at the Record Date, there was one Overseas Shareholder whose registered address is in Canada, representing approximately 0.00002% of the total issued Shares as at the Latest Practicable Date. In compliance with Rule 13.36 of the Listing Rules, the Company has made enquiries regarding the feasibility of extending the Open Offer to the Overseas Shareholder(s).

The Company has received legal advice that the distribution of the Offer Shares to shareholders in Canada will require either: (i) the filing and clearing of a prospectus in compliance with the prospectus requirements under the applicable securities law in Canada, which may be a lengthy and costly process; or (ii) that the distribution be made under an exemption from the prospectus requirement. A general exemption is available from the prospectus requirement in Canada for rights offerings (such as the Open Offer) but this exemption is only available for “reporting issuers” in Canada and the Company does not meet this defined term. In addition, a *de minimis* exemption is available to foreign issuers if the number of beneficial holders in Canada and in any Canadian province, as well as the number of Shares held by them, do not exceed certain limits. However, the *de minimis* exemption to such requirements would in effect require the Company to ascertain the place of residence of the beneficial owners of all issued Shares.

Having considered the legal restrictions under the laws of Canada and the requirements of the relevant regulatory body or stock exchange, the Directors consider that it would be necessary or expedient to exclude the Overseas Shareholder with registered addresses in Canada from the Open Offer due to the time and costs involved in complying with the relevant legal requirements in Canada if the Open Offer were to be made to such Overseas Shareholders in Canada.

No person receiving the Prospectus Documents in any territory or jurisdiction outside Hong Kong may treat it as an offer or invitation to apply for any Offer Shares, unless in the relevant territory such an offer or invitation could lawfully be made without compliance with any registration or other legal and regulatory requirements. It is the responsibility of any person outside Hong Kong (including the ultimate beneficial owner(s) of the Qualifying Shareholders) wishing to make an application for the Offer Shares to satisfy himself as to the observance of the laws and regulations of all relevant jurisdiction, including obtaining any government or other consents, and payment of any taxes and duties required to be paid in such jurisdiction in connection therewith. Completion and return of the Application Form and/or the Excess Application Form will constitute a warranty and representation by the relevant applicant(s) to the Company that all registration, legal and regulatory requirements of all relevant territories other than Hong Kong in connection with the acceptance of the Offer Shares have been duly complied with by such applicant(s). For the avoidance of doubt, neither HKSCC nor HKSCC Nominees Limited is subject to any of the representations and warranties. If you are in any doubt as to your position, you should consult your professional advisers.

LETTER FROM THE BOARD

Any Offer Shares which would otherwise have been in assured allotment of the Non-Qualifying Shareholders will be available for application by the Qualifying Shareholders who wish to apply for Offer Shares in excess of their own assured allotment.

Qualifying Shareholders who do not take up the Offer Shares in full to which they are entitled and the Non-Qualifying Shareholders should note that their shareholdings in the Company will be diluted upon completion of the Open Offer.

Status of the Offer Shares

The Offer Shares, when allotted, issued and fully paid, will rank *pari passu* in all respects with the Shares then in issue on the date of allotment of the Offer Shares. Holders of fully-paid Offer Shares will be entitled to receive all future dividends and distributions which are declared, made or paid after the date of allotment of the Offer Shares.

Fractions of the Offer Shares

Fractional entitlements to the Offer Shares will not be allotted to the Qualifying Shareholders and entitlements of the Qualifying Shareholders shall be rounded down to the nearest whole number. All such fractional entitlements to the Offer Shares created from the said rounding down will be aggregated and underwritten by the Underwriter.

Procedures for acceptance and payment

For each Qualifying Shareholder, an Application Form is enclosed with this Prospectus which entitles you to subscribe for the number of the Offer Shares shown therein.

If you wish to exercise your right to subscribe for all the Offer Shares allotted on an assured basis to you as specified in the Application Form, you must lodge the Application Form in accordance with the instructions printed thereon, together with a remittance for the full amount payable on acceptance, with the Company's Hong Kong branch share registrar and transfer office, Tricor Secretaries Limited at Level 22, Hopewell Centre, 183 Queen's Road East, Hong Kong by no later than 4:00 p.m. on Friday, 19 August 2016. All remittances must be made in Hong Kong dollars. Cheques must be drawn on an account with, or cashier's orders must be issued by, a licensed bank in Hong Kong and made payable to "**United Energy Group Limited — Open Offer Account**" and crossed "**Account Payee Only**".

It should be noted that unless the duly completed Application Form, together with the appropriate remittance, has been lodged with the Company's Hong Kong branch share registrar and transfer office, Tricor Secretaries Limited at Level 22, Hopewell Centre, 183 Queen's Road East, Hong Kong by no later than 4:00 p.m. on Friday, 19 August 2016, the relevant assured allotment and all rights and entitlement thereunder will be deemed to have been declined and will be cancelled and such Offer Shares will be available for application by the Qualifying Shareholders through the Excess Application Form.

The Application Form contains full information regarding the procedures to be followed for acceptance of the whole or part of your assured allotment.

LETTER FROM THE BOARD

All cheques and cashier's orders will be presented for payment immediately following receipt and all interest earned on such monies will be retained for the benefit of the Company. Completion and lodgement of the Application Form together with a cheque or cashier's order in payment for the Offer Shares accepted will constitute a warranty by the applicant(s) that the cheque or cashier's order will be honoured on first presentation.

Any Application Form in respect of which the accompanying cheque or cashier's order is dishonoured on first presentation is liable to be rejected, and in that event the relevant assured allotment of Offer Shares and all rights thereunder will be deemed to have been declined and will be cancelled.

No receipt will be issued in respect of any application monies received.

Applications for excess Offer Shares

Qualifying Shareholders shall be entitled to apply for entitlements of Offer Shares which are not taken up by other Qualifying Shareholders in excess of their own assured allotments but are not assured of being allocated any Offer Shares in excess of those in their assured allotments. Application may be made by Qualifying Shareholders by completing the Excess Application Form and lodging the same with a separate remittance for the excess Offer Shares being applied for, with the Company's Hong Kong branch share registrar and transfer office, Tricor Secretaries Limited, at Level 22, Hopewell Centre, 183 Queen's Road East, Hong Kong by no later than 4:00 p.m. on Friday, 19 August 2016. All remittances must be made by cheque or cashier's order in Hong Kong dollars. Cheques must be drawn on an account with, and cashier orders must be issued by, a licensed bank in Hong Kong and made payable to "**United Energy Group Limited — Excess Application Account**" and crossed "**Account Payee Only**". The Directors will, upon consultation with the Underwriter, allocate the excess Offer Shares at their discretion on a fair and equitable basis as far as practicable, according to the principle that any excess of Offer Shares will be allocated to Qualifying Shareholders who apply for them on a pro rata basis by reference to the number of the excess of Offer Shares applied for by all such Qualifying Shareholders.

No preference will be given to topping-up odd lots to whole board lots. Shareholders who have been offered odd lots of the Offer Shares should note that there is no guarantee that such odd lots of the Offer Shares will be topped up to create whole board lots pursuant to applications for excess Offer Shares.

Any remaining Underwritten Shares not applied for by the Qualifying Shareholders will be taken up by the Underwriter.

In the event that the Board notes unusual patterns of excess applications and has reason to believe that any application may have been made with the intention to abuse the above mechanism, such application(s) for excess Offer Shares may be rejected at the sole discretion of the Board.

Shareholders with their Shares held by a nominee (including HKSCC Nominees Limited) should note that the Directors will regard the nominee (including HKSCC Nominees Limited) as a single Shareholder according to the register of members of the Company. Accordingly, investors whose Shares are registered in the name of a nominee (including HKSCC Nominees Limited) should note that the aforesaid arrangements in

LETTER FROM THE BOARD

relation to the allocation of excess Offer Shares will not be extended to them individually. Shareholders should consult their professional advisers if they are in any doubt as to whether they should register their shareholding in their own names prior to the relevant book closure period and apply for the excess Offer Shares themselves.

If the Underwriter exercises its right to terminate its obligations under the Underwriting Agreement before the Latest Time for Termination, the Open Offer will not proceed and the monies received in respect of applications for the Offer Shares without interest will be returned to the Qualifying Shareholders or, in the case of joint applicants, to the first named person, by means of cheques crossed “**Account Payee Only**” to be despatched by ordinary post to their registered addresses and in the case of joint applicants to the registered address of the applicant whose name first appears on the register of members of the Company at their own risk on or before Tuesday, 30 August 2016.

Note:

- (1) These companies are wholly owned by Mr. Zhang Hong Wei.
- (2) Pursuant to the Underwriting Agreement, the Underwriter: (i) shall not, except with the prior written consent of the Company (which shall not be unreasonably withheld), hold more than 10% of the issued share capital of the Company as enlarged by the Open Offer on its own account; and (ii) in performance of its obligations under the Underwriting Agreement, shall comply with all relevant laws and regulations in material respects and in particular, shall ensure that all offers made by it of the Offer Shares are made only in compliance with all relevant securities legislation.

LETTER FROM THE BOARD

In circumstances where the Underwriter is obliged to take up the Underwritten Shares in their entirety, it is expected that after taking into account the sub-underwriting arrangement as referred to in note (3) below, it will hold a maximum of 2,467,706,432 Offer Shares, representing approximately 9.42% of the total issued Shares upon completion of the Open Offer (assuming (i) no exercise of the outstanding Share Options which have been vested and are exercisable, no further issue of Shares under the Schemes and no further issue of new Shares or repurchase of Shares by the Company on or before the Record Date and (ii) no Qualifying Shareholders take up their respective entitlements under the Open Offer and excess application except for the Committed Shareholders pursuant to the Undertaking). As such, it is expected that the Underwriter or its associates will not become a substantial shareholder of the Company and the shareholding of the Underwriter (if any) will be counted towards the Company's public float.

- (3) Up to the Latest Practicable Date, the Underwriter entered into one sub-underwriting agreement with a sub-underwriter, being Zhongrong International Securities, in relation to a maximum of 3,000,000,000 Offer Shares, representing approximately 11.45% of the total issued Shares upon completion of the Open Offer (assuming (i) no exercise of the outstanding Share Options which have been vested and are exercisable, no further issue of Shares under the Schemes, and no further issue of new Shares or repurchase of Shares by the Company, on or before the Record Date and (ii) no Qualifying Shareholders take up their respective entitlements under the Open Offer and excess application except for the Committed Shareholders pursuant to the Undertaking). Pursuant to the sub-underwriting agreement, the sub-underwriter has undertaken that it or its placee(s) will not hold more than 10% of the Shares in issue immediately following completion of the Open Offer. The Company will ensure that sufficient public float maintained upon the completion of the Open Offer in compliance with the Listing Rules.

To the best of the Directors' information, knowledge and belief, having made all reasonable enquiries, Zhongrong International Securities and its ultimate holding companies are third parties independent of the Company and its connected persons.

Save for the above, as of the Latest Practicable Date, the Underwriter has not entered into any other sub-underwriting arrangement with other sub-underwriters.

- (4) On 12 July 2016, the Board approved to allot and issue an aggregate of 16,272,730 Shares to the Trustee who would hold such Shares on trust for the eligible employees of the Group under the Deferred Annual Bonus Scheme, the Executive Performance Share Scheme and the Performance Share Scheme. Such Shares were allotted and issued under the General Mandate and did not cause the Company to exceed the General Mandate, and no Shares were allotted and issued to the connected persons of the Company. Such Shares held by the Trustee are counted towards the public float of the Company.

The Open Offer offers all the Qualifying Shareholders an equal opportunity to participate in the enlargement of the capital base of the Company and enables the Qualifying Shareholders to maintain their proportionate interests in the Company. For those Qualifying Shareholders who take up their entitlements in full under the Open Offer, their shareholding interests in the Company will remain unchanged after the Open Offer.

For Qualifying Shareholders who do not take up in full their assured entitlements under the Open Offer should note that their shareholdings in the Company will be diluted upon completion of the Open Offer. As shown in the table above, assuming that none of the Qualifying Shareholders has subscribed for the Open Offer, the percentage of shareholding of the existing public Shareholders will be reduced from approximately 28.42% as at the Latest Practicable Date to approximately 14.21%. As such, the possible maximum dilution to shareholdings of those Qualifying Shareholders who do not subscribe to the Open Offer is approximately 50.00% as a result of the Open Offer.

Notwithstanding the potential dilution to the Independent Shareholders' proportional shareholding interests in the Company as discussed above, having taken into account that:

- (a) the Independent Shareholders are given the opportunity to express their view on the terms of the Open Offer and the Underwriting Agreement through their votes at the SGM;

LETTER FROM THE BOARD

- (b) the Qualifying Shareholders have their choice as to whether or not to accept the Open Offer;
- (c) the Open Offer offers the Qualifying Shareholders an opportunity to subscribe for their pro-rata entitlement to the Offer Shares for the purpose of maintaining their respective existing shareholding interests in the Company at a relatively low price as compared to the historical and prevailing market prices of the Shares; and
- (d) those Qualifying Shareholders who choose to accept the Open Offer in full can maintain their respective existing shareholding interests in the Company after the Open Offer,

the Directors are of the view that the potential dilution effect on the existing shareholding interest of the Independent Shareholders, which may only result when the Qualifying Shareholders do not subscribe for their pro-rata Offer Shares, is acceptable.

REASONS FOR THE OPEN OFFER AND USE OF PROCEEDS

The Group is currently principally engaged in upstream oil and natural gas business, including development of strategic energy reserves, focusing on the investment and operation of oil, natural gas and other energy related businesses. This is accomplished by the merger and acquisition of oil and natural gas assets; the exploration, development and production of crude oil and natural gas; and the provision of patented technologies supporting services to oilfields.

The Board expects that the demand for primary energy in Pakistan will remain strong as energy deficit in domestic market continues to escalate, according to Pakistan Energy Outlook 2015 released by the Petroleum Institute of Pakistan in October 2015. To capture the business opportunities arising from this trend, the Board is of the view that the Group should employ more resources to unlock the potential of its assets in Pakistan.

The gross proceeds of the Open Offer are approximately HK\$2,620.40 million. The net proceeds of the Open Offer (after deducting the costs and expenses in relation to the Open Offer and the underwriting commission) are approximately HK\$2,578.40 million. The Company intends to apply the net proceeds of the Open Offer as to:

- (i) approximately HK\$1,031.36 million, representing approximately 40% of the net proceeds from the Open Offer, for capital expenditure for drilling wells, conducting seismic studies, construction of development and production facilities in the proportion of which 87%, 12% and 1%, respectively, which is expected to be utilised within 24 months after the completion of the Open Offer;

LETTER FROM THE BOARD

- (ii) approximately HK\$1,031.36 million, representing approximately 40% of net proceeds of the Open Offer, for repayment of debt and interest expenses, of which: (a) approximately HK\$722 million for the repayment of principal and interest expenses of a loan due to China Development Bank Corporation in September 2016; and (b) the remaining balance of approximately HK\$309.36 million will be used for the settlement of part the S\$-denominated medium term notes in the principal amount of S\$100 million due in October 2016; and
- (iii) the remaining balance of approximately HK\$515.68 million, representing approximately 20% of the net proceeds of the Open Offer, as reserve for potential acquisitions, particularly upstream oil and gas assets (including reserves and facilities), to accelerate the Group's expansion in furtherance of its track record of growing by acquisition and its strategy of maintaining reliable operations and seeking rapid growth and in order to maintain its flexibility in capturing investment and/or mergers and acquisitions opportunities as and when such investment opportunities arise with immediately available funds for deployment given the capital intensive nature in the industry which the Group operates in, without which the Group may not be able to grasp the potential opportunities in a timely manner, and which is expected to be utilised within 24 months after the completion of the Open Offer. In the event that the Company does not utilise the proceeds in accordance with the aforesaid timeframe, the Company will nevertheless continue to pursue, explore and evaluate potential opportunities for acquisitions until appropriate targets are identified. In such event or if for any reason such portion of the proceeds are not utilised as described above, the Company will make further announcement as and when appropriate in accordance with the relevant requirements under the Listing Rules.

As at the Latest Practicable Date, the Group is in the process of pursuing, exploring and evaluating potential opportunities, although no specific targets have been identified and no binding agreement has been entered into, and further announcement will be made by the Company as and when appropriate.

The Group will continue to seek for both organic growth by enhancing the oil and gas production of existing assets and inorganic growth by M&A opportunities. This, together with aggressive and sustainable exploration and development of existing assets, will maximise future returns for its Shareholders as disclosed in the paragraph headed "Financial and trading prospects of the Group" in Appendix I to this Prospectus. Furthermore, based on the Group's scale and operation ability, the Group focuses on the size of those acquisition targets with value of at least US\$70 million. As such, the Board considers the allocation of 20% proceeds for potential acquisitions as disclosed above to be appropriate in furtherance of its business objectives. Furthermore, the Directors will explore and evaluate carefully such opportunities to identify suitable acquisition targets with business objectives which are aligned to or are complementary to those of the Group, and which

LETTER FROM THE BOARD

can contribute towards the Group's strategy to maintain its position as one of the largest listed independent upstream oil and gas corporations in Hong Kong and to develop its investment and operation of oil, natural gas and other energy related businesses.

Having considered and taking into account the factors set out above, the Directors consider that the allocation of proceeds for potential acquisitions is fair and reasonable and in the interests of the Company and its Shareholders as a whole.

As at the Latest Practicable Date, based on the Board's latest estimate, the expected funding needs of the Group for the next 12 months from the Latest Practicable Date amounted to approximately HK\$2,712 million. In arriving at such estimation, the Board's key assumptions included that: (i) the Group will be able to implement its business and investment plans as scheduled; (ii) there will be no material changes in the principal activities of the Group and the Group will be able to continue in business as a going concern during the relevant period; (iii) there will be no material change in the existing political, legal, fiscal or economic environment in Hong Kong, the PRC, Pakistan and/or other countries or jurisdictions in which the Group operates or intends to operate and (iv) there will be no material changes in interest rates and foreign exchange rates from those currently prevailing.

The proceeds from the Open Offer are not able to satisfy the Company's expected funding needs for the next 12 months but will be met by the currently available cash and bank balances, the funds generated from its operations and the facilities provided by banks and financial institutions. As at the Latest Practicable Date, the Company does not have any plan to conduct further fund raising activities.

The Directors consider that it is prudent to finance the Group's long-term growth by long-term financing, preferably in the form of equity which will not increase the Group's finance costs. The Company had considered other fund raising alternatives before resolving to the Open Offer such as bank borrowing, placement of Shares, issuance of bonds or convertible bonds, or rights issue. The Company had approached three financial institutions to negotiate other fundraising options and did not receive any positive feedback from any of them except the Underwriter. After considering the trading liquidity of the Shares, the current condition of the equity and debt capital markets and the financing costs in each of the options, the Board believes that it would be in the best interests of the Company and the Shareholders as a whole to raise long-term equity capital through the Open Offer after having considered that: (i) bank borrowing would result in additional interest burden to and higher gearing ratio for the Group and, given the unsatisfactory financial conditions of the Company, it may involve lengthy due diligence and negotiations with banks which are also relatively uncertain and time consuming as compared to equity financing for the Group; (ii) the nil-paid trading of rights issue will create uncertainty on the shareholding structure of the Company; and (iii) placing of new Shares or convertible bonds will preclude existing Shareholders from participating in the capital raising exercise which will inevitably result in dilution to the equity interest of the existing Shareholders. On the other hand, given that the Open Offer is expected to be subscribed (in full or in part) by the existing Shareholders who are Qualifying

LETTER FROM THE BOARD

Shareholders and take up their pro-rata entitlement, will be participated by the Committed Shareholders pursuant to the Undertaking and is hard underwritten by the Underwriter pursuant to the Underwriting Agreement, there is a higher certainty of completing the fund raising exercise which will enable the Company to obtain the funding needed as compared to other forms of financing. In this connection, the Board considered that the Open Offer is the most appropriate fundraising option to the Company. The Board is also of the view that the Open Offer represents a good opportunity to broaden the capital base of the Company and will facilitate the long-term development of the Company. The Open Offer will give the Qualifying Shareholders the opportunity to maintain their respective pro-rata shareholding interests in the Company and to continue to participate in the growth and development of the Group. The Directors consider the terms of the Open Offer, including the Subscription Price which has been set at a discount to the recent closing prices of the Shares with an objective to encourage existing Shareholders to take up their entitlements so as to participate in the potential growth and development of the Company, to be fair and reasonable and in the best interests of the Company and its Shareholders as a whole.

Although rights issue, as compared to the Open Offer, can provide an additional option to those Shareholders who do not wish to take up the entitlements by selling their entitled nil-paid rights, the Directors are of the view that if the Company is to carry out a rights issue instead of the Open Offer, the Company will incur: (i) splitting costs for Shareholders who only take up their rights issue entitlement partially; (ii) fees payable for nil-paid rights trading arrangement; (iii) additional printing costs of share certificates for new Shareholders who will purchase the nil-paid rights on the market; and (iv) additional professional fees for preparing and reviewing the provisional allotment letters and the excess application forms and liaising with the registrar of the Company. It is estimated that the additional costs and expenses of approximately HK\$200,000 would be incurred for such administrative work and arrangements for trading of the nil-paid rights. The Directors also noted that the average trading volume of the Shares between 1 March 2016 and 31 May 2016 was only approximately 0.007% of the total issued Shares. Furthermore, the Group reported a net loss attributable to the owners of the Company of approximately HK\$2,943.67 million for year ended 31 December 2015 as compared to a profit of approximately HK\$1,827.89 million for year ended 31 December 2014.

Having considered and taken into account the extra administrative work and additional cost which will be involved for the trading arrangement of nil-paid rights, and in addition, in view of the relatively inactive historical trading volume of the Shares, there is uncertainty of existence of a market to trade in the nil-paid rights if a rights issue is conducted by the Company. Furthermore, given that the loss-making position in terms of operating performance of the Group and all Qualifying Shareholders can have an equal opportunity to maintain their interests in the Company, the Board considers that it is important for the Group to minimise all costs which may be incurred for the fund raising, and conducting the Open Offer would be more cost-effective and efficient as compared to a rights issue.

LETTER FROM THE BOARD

The objective of the Open Offer is to enable the Shareholders to maintain their proportionate interests in the Company should they wish to do so, ensuring stability in the Company's Shareholders' base, and to participate in the Company's future growth and development. The Board therefore considers that, since the Open Offer will already give the Qualifying Shareholders an equal and fair opportunity to maintain their respective pro-rata shareholding interests in the Company, even without the right to trade their nil-paid rights as in a rights issue, on balance, to conduct the Open Offer instead of a rights issue will be more beneficial to the Company and its Shareholders in the current circumstances.

Having considered conducting the Open Offer or a rights issue, and taking into account the benefits and cost of each of the options, the Board is of the view that the Open Offer is the most appropriate fund raising option to the Company and in the interest of the Company and its Shareholders as a whole since it offers the Qualifying Shareholders the opportunity to maintain their pro-rata shareholding interests in the Company.

In assessing the fairness and reasonableness of the Open Offer, the Directors are of the view that:

- (a) additional costs and expenses would be incurred for a rights issue due to the administrative work and the arrangements for trading of the nil-paid rights;
- (b) the Company has an inactive historical trading volume, with average trading volume of the Shares between 1 March 2016 and 31 May 2016 being only approximately 0.007% of the total issued Shares;
- (c) excess applications will be available under the Open Offer;
- (d) the Open Offer is being made conditional on, among other things, the approval by the Independent Shareholders at the SGM where any controlling shareholders and their associates or, where there are no controlling shareholders, the Directors (excluding the independent non-executive Directors) and the chief executive of the Company and their respective associates shall abstain from voting in favour of the resolution(s) relating to the Open Offer;
- (e) the offer ratio of the Open Offer is determined after taking into account the estimated funding requirements of the Company as disclosed in the paragraph headed "Reasons for the Open Offer and Use of Proceeds" in this section and the Subscription Price;
- (f) the Subscription Price was determined after arm's length negotiation between the Company and the Underwriter with reference to, among other things, the prevailing market price of the Shares prior to the Last Trading Day and the theoretical ex-entitlement price and the net loss of the Group in terms of operating performance for the year ended 31 December 2015;

LETTER FROM THE BOARD

- (g) in view of the uncertainties in the financial market in Hong Kong as a result of the uncertainties stemming from the fluctuating market sentiment, capital flow and trend of interest rate, the Directors consider that it will be difficult to attract the Qualifying Shareholders to reinvest in the Company through the Open Offer if the Subscription Price is not set at a relatively deep discount to the historical trading prices of the Shares;
- (h) the Open Offer will provide the Group with readily available fund for its business and operation and help reduce its gearing; and
- (i) under the Open Offer, all the Qualifying Shareholders will be offered the same opportunity to maintain their proportionate interests in the Company and to participate in the growth and development of the Company. Should the Qualifying Shareholders participate in the Open Offer, they will be subscribing the Offer Shares at a price lower than the historical and prevailing market price of the Shares.

FUND RAISING EXERCISE IN THE PAST 12 MONTHS

The Company had not conducted any fund raising exercise in the past 12 months immediately preceding the Latest Practicable Date.

WARNING OF THE RISKS OF DEALING IN SHARES

The Open Offer is conditional upon, among other things, the fulfilment of the conditions set out under the paragraph headed “Conditions of the Open Offer” in this section and the Underwriter not having terminated the Underwriting Agreement in accordance with the terms thereof and as set out under the paragraph headed “The Underwriting Agreement — Termination of the Underwriting Agreement” in this section.

Accordingly, the Open Offer may or may not proceed. Any Shareholders or other persons contemplating dealings in the Shares should exercise caution when dealing in the Shares and, if they are in any doubt about their position, they are recommended to consult their own professional advisers.

Shareholders should note that the Shares have been dealt in on an ex-entitlement basis commencing from Tuesday, 26 July 2016 and that dealing in Shares will take place while the conditions to which the Underwriting Agreement is subject remain unfulfilled.

Shareholders and potential investors of the Company should therefore exercise extreme caution when dealing in the Shares.

The Board of Directors
United Energy Group Limited

Dear Sirs,

We have completed our assurance engagement to report on the compilation of pro forma financial information of United Energy Group Limited (the “**Company**”) and its subsidiaries (hereinafter collectively referred to as the “**Group**”) by the directors of the Company (the “**Directors**”) for illustrative purposes only. The pro forma financial information consists of the pro forma adjusted consolidated net tangible assets as at 31 December 2015 as set out on pages II-1 to II-2 of the Prospectus issued by the Company. The applicable criteria on the basis of which the Directors have compiled the pro forma financial information are described in Section A of Appendix II to the Prospectus.

The pro forma financial information has been compiled by the Directors to illustrate the impact of the Open Offer on the Group’s net tangible assets as at 31 December 2015 as if the transaction had been taken place at 31 December 2015. As part of this process, information about the Group’s net tangible assets has been extracted by the Directors from the Group’s consolidated financial statements as included in the annual report of the Company for the year ended 31 December 2015, on which an audit report has been published.

Directors’ Responsibility for the Pro Forma Financial Information

The Directors are responsible for compiling the pro forma financial information in accordance with paragraph 13 of Appendix 1B and paragraph 29 of Chapter 4 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”) and with reference to Accounting Guideline 7 “Preparation of Pro Forma Financial Information for Inclusion in Investment Circulars” (“**AG 7**”) issued by the Hong Kong Institute of Certified Public Accountants (the “**HKICPA**”).

Our Independence and Quality Control

We have complied with the independence and other ethical requirements of the Code of Ethics for Professional Accountants issued by the HKICPA, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

The firm applies Hong Kong Standard on Quality Control 1 and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Reporting Accountant's Responsibilities

Our responsibility is to express an opinion, as required by paragraph 29(7) of Chapter 4 of the Listing Rules, on the pro forma financial information and to report our opinion to you. We do not accept any responsibility for any reports previously given by us on any financial information used in the compilation of the pro forma financial information beyond that owed to those to whom those reports were addressed by us at the dates of their issue.

We conducted our engagement in accordance with Hong Kong Standard on Assurance Engagements 3420 "Assurance Engagements to Report on the Compilation of Pro Forma Financial Information Included in a Prospectus" issued by the HKICPA. This standard requires that the reporting accountant plans and performs procedures to obtain reasonable assurance about whether the Directors have compiled the pro forma financial information in accordance with paragraph 29 of Chapter 4 of the Listing Rules and with reference to AG 7 issued by the HKICPA.

For purposes of this engagement, we are not responsible for updating or reissuing any reports or opinions on any historical financial information used in compiling the pro forma financial information, nor have we, in the course of this engagement, performed an audit or review of the financial information used in compiling the pro forma financial information.

The purpose of pro forma financial information included in the Prospectus is solely to illustrate the impact of a significant event or transaction on unadjusted financial information of the Group as if the event had occurred or the transaction had been undertaken at an earlier date selected for purposes of the illustration. Accordingly, we do not provide any assurance that the actual outcome of the event or transaction at 31 December 2015 would have been as presented.

A reasonable assurance engagement to report on whether the pro forma financial information has been properly compiled on the basis of the applicable criteria involves performing procedures to assess whether the applicable criteria used by the Directors in the compilation of the pro forma financial information provide a reasonable basis for presenting the significant effects directly attributable to the event or transaction, and to obtain sufficient appropriate evidence about whether:

- The related pro forma adjustments give appropriate effect to those criteria; and
- The pro forma financial information reflects the proper application of those adjustments to the unadjusted financial information.

The procedures selected depend on the reporting accountant's judgment, having regard to the reporting accountant's understanding of the nature of the Group, the event or transaction in respect of which the pro forma financial information has been compiled, and other relevant engagement circumstances.

The engagement also involves evaluating the overall presentation of the pro forma financial information.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We make no comments regarding the reasonableness of the amount of net proceeds from the Open Offer, the application of those net proceeds, or whether such use will actually take place as described under the paragraph headed "Reasons for the Open Offer and Use of Proceeds" in the section headed "Letter from the Board" set out on pages 33 to 38 of the Prospectus.

Opinion

In our opinion:

- (a) the pro forma financial information has been properly compiled on the basis stated;
- (b) such basis is consistent with the accounting policies of the Group; and
- (c) the adjustments are appropriate for the purposes of the pro forma financial information as disclosed pursuant to paragraph 29(1) of Chapter 4 of the Listing Rules.

Yours faithfully,

RSM Hong Kong
